

ILLINOIS STATE POLICE
Office of the Statewide 9-1-1 Administrator

State of Illinois

Application for
9-1-1 Modification Plan
Long Form

INTRODUCTION

The following document provides the application for submitting a 9-1-1 Modification Plan that will supply the Illinois State Police (ISP), the Illinois Commerce Commission (ICC), and the Statewide 9-1-1 Administrator (Administrator) with the necessary information about the proposal to modify your 9-1-1 system. The modification plan must comply with 83 Ill. Adm. Code Part 1324.

LONG FORM MODIFICATION PLAN:

NOTE: If the modification results in increased network costs for the State, the costs must be pre-approved by the Administrator pursuant to Section 1326.210 before submitting the Modification Plan.

The following 9-1-1 system changes require Administrator approval:

1. Changing geographic boundaries for wireline, wireless, VoIP, and text where it requires an intergovernmental agreement between 9-1-1 Authorities to modify those boundaries (Opt In/Opt Out)
2. Changes in network configuration, or NG9-1-1 system provider, implementation of a Next Generation 9-1-1 (NG9-1-1) system, deploying a Cloud-Based 9-1-1 call handling solution (Narrative Statement required)
3. Change of Backup PSAP

The Modification Plan must include the following documents:

General Information	Contact and 9-1-1 System information.
Verification	Signed and Notarized statement of truth regarding information provided in the plan.
Letter of Intent	Letter sent to the NG9-1-1 system provider with a copy of the plan. (Signature required)
Narrative Statement	A detailed summary of the changes to the proposed system's operation, including but not limited to a complete explanation of the 9-1-1 Authority's boundary that the 9-1-1 system will cover all types of emergency calls, including voice, text, data, and multimedia information along with staffing, training, and revised operational policy implications.
Narrative Statement – Cloud-Based 9-1-1 Call Handling System	A detailed explanation for a Cloud-Based 9-1-1 Call Handling System implementation. ☐ Check box if Cloud-Based 9-1-1 Call Handling System is a component of your Modification.
Financial Information	A summary of anticipated implementation costs and annual recurring operating costs of the proposed modified 9-1-1 system that is directly associated with 9-1-1, as well as the anticipated revenues. Include the email request and Administrator's approval that support your network costs.
Communities Served	A list of all communities that are served by the 9-1-1 System.
Participating Agencies	A list of public safety agencies (Police, Fire, EMS) that are directly dispatched by the 9-1-1 System, including the County Sheriff and ISP Troop(s). Include address, telephone number and form of dispatch.
Adjacent 9-1-1 Authorities	List all adjacent 9-1-1 Authorities that surround the 9-1-1 Authorities geographic boundary.

Originating Service Providers (OSPs) & Local Exchange Carriers (LECs)	Provide a comprehensive list of Originating Service Providers (OSPs), including aggregators and Local Exchange Carriers (LECs), that are known by the applicant to deliver service within the jurisdiction of the 9-1-1 System. This list should include the relevant exchange(s), prefix(es), and the 9-1-1 System Providers (OSPs) configuration that will be implemented in the proposed system. Refer to your 9-1-1 System Network Diagram to support and illustrate the proposed configuration.
Test Plan	Provide the 9-1-1 System's overall test plan that defines testing with all 9-1-1 System Providers, OSPs, LECs and Aggregators who are known. Explain how the 9-1-1 Authority plans to perform its testing in conjunction with the 9-1-1 system providers and carriers. The test plan for the 9-1-1 System establishes a comprehensive framework to validate the operation readiness, functionality, and performance of the emergency communication infrastructure in alignment with NENA standards and best practices. The Test Plan ensures that all Next Generation 9-1-1 functional elements, interfaces, and data exchanges meet NENA-defined interoperability and performance requirements. Testing activities are coordinated among all relevant stakeholders, including 9-1-1 System Providers, Other Service Providers (OSPs), Local Exchange Carriers (LECs), and Aggregators. It integrates testing with all relevant system providers. Testing covers a broad range of use cases, from basic voice call routing to advanced NG9-1-1 services, ensuring that all components of the system are fully operational in the event of an emergency. Areas of testing include 9-1-1 Call Handling, Split Exchange Scenarios, TDD/TTY Accessibility, Network Trunking and Load Management, System Overflow and Failover Protocols, Backup and Alternate Routing Capabilities, Call Transfer Functionality, and NG9-1-1 Addressing, NGCS 9-1-1 GIS Database Validation, Integrated Text to 9-1-1 (SMS/RTT/MMS), API Interoperability, Measurement and Reporting Tools and Voice and Speech Quality Assessment.
Zip Codes	Provide a list of USPS Zip Codes for the communities within the boundary of the 9-1-1 System along with all Zip Codes being added. The Statewide 9-1-1 Bureau will determine the 9-1-1 Authority's Zip Code percentage using the NG9-1-1 GIS Address Point data within each Zip Code Boundary.
<u>Attachments (if applicable)</u>	
Agreements	Include the local ordinance(s) or resolution(s) that formally dissolve any existing ETSB or Joint ETSB, as well as those that establish the new Joint ETSB. Additionally, provide the Intergovernmental Agreement(s) (IGAs) that authorize the creation of the Joint ETSB. All relevant IGAs, ordinances, resolutions, or contracts associated with the modification should be included. IGAs must contain explicit language confirming mutual agreement on the transfer of surcharge revenues and reserve funds.
Bylaws	That define the structure, membership requirements, voting procedures, decision-making process, financial management, and operational guidelines, ensuring equitable representation and transparent governance while adhering to relevant legal frameworks, with key elements including purpose statement, membership criteria, board composition, financial obligations, dispute resolution mechanisms, and amendment procedures.
Contracts	New NG9-1-1 system provider and call handling system contracts entered into as a result of the modification.

Backup PSAP Agreement

The Agreement that establishes back-up and overflow services due to interruptions and pre-determined alternate routing between 9-1-1 Authorities or PSAPs within those Authorities, which must detail and confirm the backup PSAPs capability to direct dispatch or otherwise transfer emergency calls directly to all authorized entities within the 9-1-1 Authority's boundary for whom they are serving as a backup.

☒ Backup PSAP Agreement is not Changed/Affected by this Modification.

Call Handling Agreements

Include a primary and secondary means of dispatch (i.e., radio frequency/talk group, 10-digit 24x7 directly answered transfer telephone number) entered into as a result of the modification.

☐ Call Handling Agreement(s) are not Changed/Affected by this modification.

Network Diagram

A proprietary diagram which will not be posted to the website, which is provided by the 9-1-1 system provider showing a list of all known OSPs, LECs, and Aggregators transporting all 9-1-1 traffic from the end user to the PSAP and all system components including ingress and egress, trunking, interconnection points, NGCS components, and routing configuration, predetermined alternate routes, Text to 9-1-1 capabilities, PSAPs, SAPs, Backups, Unmanned Backups and Communities served by the system.

Modification Plans must be filed electronically on the ISP's website at:

<https://isp.illinois.gov/Statewide911Division/ConsolidationPlansAndWaivers> where you will see the box below:

Once the plan is submitted, the ISP and the ICC each have 20 days to provide a technical review of the plan to submit to the Administrator for approval.

GENERAL INFORMATION

DATE: 03/25/2026

TYPE OF MODIFICATION (Check all that apply)

- ☒ Changing geographic boundaries for wireline, wireless, VOIP, and text where it requires an intergovernmental agreement between 9-1-1 Authorities to modify those boundaries (Opt In/Opt Out)
- ☐ Changes in network configuration, or NG9-1-1 system provider except as provided for in subsection 1325.200(h), (i.e., implementation of a Next Generation 9-1-1 (NG9-1-1) system) or deploying a Cloud-Based 9-1-1 call handling solution (Narrative Statement required)
- ☐ Change of Backup PSAP arrangement

Description of Current 9-1-1 System

Provide a summary of your existing 9-1-1 system, including:

9-1-1 Authority Name	Population Served	Area in Sq. Miles
West Suburban Consolidated Dispatch JETSB	79,571	10
Number of PSAPs:	1	
Call Volume (annual):	120,000	

LIST PSAPs, SAPs, and VAPs	ADDRESS	PRIMARY	SAP
West Suburban Consolidated Dispatch	400 Park Avenue, River Forest, IL 60305	X	

9-1-1 Authority Contact: Brian Staunton

Street Address: 400 Park Avenue

City, State and Zip Code: River Forest, IL 60305

Office Telephone: 708-771-9110

Cellular Telephone: 630-877-5058

VERIFICATION

I, Brian Staunton, first being duly sworn upon oath, depose and say that I am
Executive Director of West Suburban Consolidated Dispatch; that I have read the
foregoing plan by me subscribed and know the contents thereof; that said contents are true in
substance and in fact, except as to those matters stated upon information and belief, and as to those,
I believe same to be true.

Executive Director

Subscribed and sworn to before me

This 20th day of May, 20 26.

NOTARY PUBLIC, ILLINOIS

**9-1-1 SYSTEM PROVIDER
LETTER OF INTENT**

03/25/2026

(Date)

Joshua Folta

(9-1-1 System Provider Company Representative)

AT&T

(9-1-1 System Provider Company Name)

10 S. Canal Street, 25th Floor

(Street Address)

Chicago, IL 60606

(City, State, Zip Code)

Dear **Mr. Folta**:

This letter is to confirm our intent to modify our 9-1-1 System.

Enclosed is your copy of our Modification Plan to be filed with the Illinois State Police for approval.

Thank you for your assistance in this matter.

Sincerely,

Executive Director, West Suburban Consolidate Dispatch

enclosure: Modification Plan

NARRATIVE STATEMENT

Please answer the questions below by providing a detailed narrative that outlines your plan as it relates to this application. Your responses will assist the Illinois State Police (ISP), Illinois Commerce Commission (ICC), and the Statewide 9-1-1 Administrator (Administrator) in evaluating the proposal. The information you provide will help the 9-1-1 System Authority determine the feasibility of the modification and ensure it enhances the overall efficiency and effectiveness of public safety operations. All 9-1-1 Authorities and PSAPs must comply with the requirements outlined in Part 1324.

Explain the reason for submitting the modification and provide the name and contact information for your Certified 9-1-1 system provider, NGCS provider, and NOC/SOC provider.

The reason for submitting the modification plan is because the Villages of Elmwood Park and Rosemont expressed interest in the WSCDC ETSB following the decline of the Norcomm Franklin Park Dispatch Center. All parties have agreed to letters of intent and will sign intergovernmental agreements to join the WSCDC ETSB.
911 System: AT&T Joshua Folta, jf3574@att.net or 312 291 6235, address is 10 S. Canal St., 25th Floor, Chicago, IL 60606
NGCS Provider: Chicago Communications, Todd Niccum, tniccum@chicomm.com or 630 993 4265, 200 Spangler Avenue, Elmhurst, IL 60126
NOC/SOC: AT&T Resolution Center 888 424 3911
Amended-WSCDC PSAP will also be moving to 9501 Technology Blvd, Rosemont, IL 60018.

Explain the national standards, protocols and/or operating measures that will be followed.

WSCDC has its own Standard Operating Procedures and follows the Priority Dispatch Medical Call Handling Protocol System.

Explain what measures have been taken to create a robust, dependable, and diverse/redundant network and whether other 9-1-1 Authorities will be sharing the system.

There are no changes necessary to existing 9 1 1 system at WSCDC. AT&T has determined that the WSCDC ETSB can add the call load for Elmwood Park and Rosemont to its existing network. The Solacomm System was installed in 2020. There are two redundant servers

Explain what security measures will be placed on the PSAP's IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system's operation. What degree of confidentiality measures will be implemented within the system to prevent access by unauthorized individuals?

WSCDC contract Prescient Solutions for all internal IT needs, including cyber and system security. IT has external firewalls and uses multifactor authentication to protect the network systems. Prescient takes several steps including regular employee training and system checks to protect the center from attacks to the network and IT infrastructure.

Identify the Backup PSAP. (Name and Address)

LTACC, 304 Burlington Avenue, LaGrange, IL 60525

Provide the name(s) and physical address(es) of the Public Safety Answering Point(s) (PSAPs) designated as your predetermined alternate route(s). If no alternate routing has been established, indicate "None."

None

Explain how split exchanges will be managed.

We are on the ESINet and no longer utilize exchanges, split, or otherwise

Explain how the GIS database will be maintained and how boundary, address point, and street center line errors will be corrected and updated on a continuing basis.

GIS data is submitted to the AT&T ESINet via the web based spatial interface portal. The portal includes secure GIS file transfer. WSCDC is maintaining the local database schema and configuring database changes using ArcPro mapping tools. The SI validation engine logs errors back to the originating 9 1 1 authority through reporting. Validation errors are corrected by WSCDC personnel within our own GIS database. Updates are submitted and processed on an ongoing basis, with new maps pushed on a monthly basis.

Indicate who will be responsible for updating and maintaining GIS data. Provide the LDS and Data Maintainer's Name and contact information. Updates are required whenever there is a change to the Road Centerline layer that includes new or changed road name(s), a database change, an annexation that modifies the Law, Fire, or EMS Boundary Layer, and whenever an updated version of the workflow tool is released.

WSCDC ETSB Administrative staff and MGP, 701 Lee Street, Suite 1020, Des Plaines, IL 60016.

FINANCIAL INFORMATION

Complete all applicable fields. Enter \$0 where not applicable.

Current Annual 9-1-1 Network Costs (Before Modification)	\$ <u>4,500.00</u>
Projected Annual 9-1-1 Network Costs (After Modification)	\$ <u>4,500.00</u>
One-Time Installation / Implementation Cost	\$ <u>7,108,533.85</u>
Additional Recurring Costs (if any)	\$ <u>0.00</u>

Include a summary of anticipated implementation costs and annual recurring operating costs of the proposed modified 9-1-1 system.

Solacom	\$313,489.00
Tyler	\$1,750,049.00
Digicom Installations	\$79,968.06
Vonage Phone System	\$2,550.00
Motorola	\$2,300,317.26
Construction	
Village of Rosemont	\$1,568,288.74
Evans Consoles	\$868,905.59
Contractual Services	
Chicago Communications	\$100,000.00
Consultant Services	
MGP	\$5,125.00
Prescient Solutions	\$75,246.48
FGM Architech	\$12,500.00
Training and Education	
WSCDC Internal Training	\$32,094.72

This modification is going to require WSCDC to build out a new facility. It is also going to require expansions of all the radio, phone, and CAD systems.

COMMUNITIES SERVED

Provide a list of all communities to be served by the proposed 9-1-1 System. Include the name of the community and the official mailing address including street address, city, and zip code.

Use Additional Sheets as Necessary

[illegible]

PARTICIPATING AGENCIES

Provide a list of public safety agencies (Police, Fire, EMS) that are directly dispatched by the 9-1-1 System. Include the County Sheriff and Illinois State Police Troop(s), that may respond within your system boundary.

Each agency that appears on this list requires a signed Call Handling Agreement.

[illegible]

ADJACENT 9-1-1 AUTHORITIES

Provide a list of 9-1-1 Authorities that are adjacent to the proposed system's boundaries. Each 9-1-1 Authority that appears on this list requires a signed Call Handling Agreement.

[illegible]

(Wireline, Wireless, VoIP, Text)

Use Additional Sheets as Necessary

19

TEST PLAN

Provide the 9-1-1 System's overall test plan that defines testing with all 9-1-1 System Providers, OSPs , LECs and Aggregators who are known. Explain how the 9-1-1 Authority plans to perform its testing in conjunction with the 9-1-1 system providers and carriers. The test plan for the 9-1-1 System establishes a comprehensive framework to validate the operational readiness, functionality, and performance of the emergency communication infrastructure in alignment with NENA standards and best practices. The Test Plan ensures that all Next Generation 9-1-1 functional elements, interfaces And data exchanges meet NENA-defined interoperability and performance requirements. Testing activities are coordinated along all relevant stakeholders, including 9-1-1 System Providers, Other Service Providers (OSPs), Local Exchange Carriers (LECs), and Aggregators. It integrates testing with all relevant system providers. Testing covers a broad range of use cases, from basic voice call routing to advanced NG9-1-1 services, ensuring that all components of the system are fully operational in the event of an emergency. Areas of testing include 9-1-1 Call Handling, Split Exchange Scenarios, TDD/TTY accessibility, Network Trunking and Load Management, System Overflow and Failover Protocols, Backup and Alternate Routing Capabilities, Call Transfer Functionality, NG9-1-1 Addressing, NGCS 9-1-1 GIS Database Validation, Integrated Text to 9-1-1 (SMS/RTT/MMS), API Interoperability, Measurement and Reporting Tools and Voice and Speech Quality Assessment.

Identify areas to be tested.

We would conduct a call with AT&T and Intrado cutover and would work together to switch URIs over then test. WSCDC, along with staffs from Rosemont and Elmwood Park would conduct landline test calls from the various points throughout the area. They will also participate in testing voice 9-1-1 calls and text to 9-1-1 from all major wireless carriers. Any need for discrepancy reports would be submitted for any misrouted calls or texts.

List wireline exchanges to be tested.

Rosemont - 847,224,708,630
Elmwood Park - 224, 708, 773

List the Wireless, Text, and VoIP Carriers to be tested.

AT&T, Sprint/T-Mobile, and Verizon

ZIP CODES

Provide a list of Zip Codes for the communities within the boundary of your 9-1-1 System along with Zip Codes being added. The Statewide 9-1-1 Bureau will determine the 9-1-1 Authority's Zip Code percentage using the NG9-1-1 GIS Address Point data within each Zip Code Boundary.

60305, 60130, 60301, 60302, 60303, 60304, 60707, 60018

VILLAGE OF ROSEMONT

RESOLUTION NO. 2026-5-11A

**A RESOLUTION AUTHORIZING AN INTERGOVERNMENTAL COOPERATION
AGREEMENT FOR THE WEST SUBURBAN CONSOLIDATED DISPATCH 9-1-1
SYSTEM AND JOINT EMERGENCY TELEPHONE SYSTEM BOARD**

**ADOPTED BY THE
PRESIDENT AND BOARD OF TRUSTEES OF
THE VILLAGE OF ROSEMONT, THIS
11th DAY OF MAY 2026**

**Published in pamphlet form
by authority of the President
and Board of Trustees of the
Village of Rosemont, Cook
County, Illinois this 11th
day of May 2026.**

VILLAGE OF ROSEMONT

RESOLUTION NO. 2026-5-11A

A RESOLUTION AUTHORIZING AN INTERGOVERNMENTAL COOPERATION AGREEMENT FOR THE WEST SUBURBAN CONSOLIDATED DISPATCH 9-1-1 SYSTEM AND JOINT EMERGENCY TELEPHONE SYSTEM BOARD

WHEREAS, the Village of Rosemont (the "Village") is a home rule unit of local government and may exercise any power and perform any function pertaining to its government and affairs under Article VII, Section 6 of the Illinois Constitution;

WHEREAS, units of local government may contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law under 5 ILCS 220/1, *et seq.*, and Article VII, Section 10 of the Illinois Constitution;

WHEREAS, the Village may establish a joint emergency telephone system board by an intergovernmental agreement under 50 ILCS 750/15.4;

WHEREAS, the Village's Public Safety Department recommends that the Village join the West Suburban Consolidated Dispatch 9-1-1 System and Joint Emergency Telephone System Board Intergovernmental Cooperation Agreement attached and incorporated as Exhibit A (the "WSCDC IGA");

WHEREAS, the Village's corporate authorities find that approving the WSCDC IGA is in the Village's best interests for the protection of public health, safety, and welfare; and

NOW, THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ROSEMONT, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULES POWERS, as follows:

SECTION 1: The recitals of this resolution are true, material, adopted and incorporated as Section One to this resolution.

SECTION 2: The Village's corporate authorities approve the WSCDC IGA. The Village's corporate authorities authorize and direct the Village President to: (1) negotiate and execute the WSCDC IGA; and (2) take all acts to effectuate the WSCDC IGA.

SECTION 3: This resolution shall be the effective legislative act of a home rule municipality without regard to whether such resolution should (a) contain terms contrary to the provisions of non-preemptive state law, or (b) legislate regarding a manner not delegated to municipalities by state law. It is the intent of the Village's corporate authorities that if the terms of this resolution are inconsistent with any non-preemptive state law, this resolution shall supersede state law in that regard within its jurisdiction.

SECTION 4: This resolution shall be immediately in full force and effect upon its passage and approval and subsequently be published in pamphlet form as provided by law.

PASSED by the following roll call vote this 11th day of May 2026.

AYES:	6-	Price, Wong-Balogh, Dorgan, Fazio, Pappas, DiMatteo

VILLAGE PRESIDENT

ATTEST:

VILLAGE CLERK

STATE OF ILLINOIS)
) SS
COUNTY OF COOK)

CERTIFICATION OF RESOLUTION

I, the undersigned, certify that I am the duly qualified and acting Village Clerk of the Village of Rosemont, Cook County, Illinois (the "*Village*"), and that I am the keeper of the records and files of the President and Trustees of the Village (the "*Corporate Authorities*").

I further certify that the foregoing is a true and complete copy of a resolution adopted at a meeting of the Corporate Authorities held on the 11th day of May, 2026, which is entitled:

**A RESOLUTION AUTHORIZING AN INTERGOVERNMENTAL COOPERATION
AGREEMENT FOR THE WEST SUBURBAN CONSOLIDATED DISPATCH 9-1-1
SYSTEM AND JOINT EMERGENCY TELEPHONE SYSTEM BOARD**

a true and complete copy of said resolution as adopted at said meeting is attached.

I further certify that the deliberations of the Corporate Authorities on the adoption of said resolution were conducted openly; that the vote on the adoption of said resolution was taken openly; that said meeting was held at a specified time and place convenient to the public; that notice of said meeting was duly given to all of the news media requesting such notice; that an agenda for said meeting was posted at the location where said meeting was held and at the principal office of the Corporate Authorities at least 48 hours in advance of the holding of said meeting; that said agenda described or made specific reference to said resolution; that said meeting was called and held in strict compliance with the provisions of the Open Meetings Act of the State of Illinois, as amended, and the Illinois Municipal Code, as amended; and that the Corporate Authorities have complied with said laws and the procedural rules of the Corporate Authorities.

IN WITNESS WHEREOF, I hereunto affix my official signature and the seal of the Village, this 11th day of May 2026.

(SEAL)

Village Clerk

**A RESOLUTION AUTHORIZING THE EXECUTION OF AN
INTERGOVERNMENTAL COOPERATION AGREEMENT ESTABLISHING THE
WEST SUBURBAN CONSOLIDATED DISPATCH 9-1-1 SYSTEM AND
JOINT EMERGENCY TELEPHONE SYSTEM BOARD**

WHEREAS, several units of local government, including the Village of Elmwood Park (the "Village"), have determined that the implementation of a 9-1-1 Emergency Telephone System would provide a significant public safety enhancement to the citizens of each of the participating units of local government; and

WHEREAS, Public Act 99-0006 mandated the consolidation of Emergency Telephone System Boards (ETSBS) and Public Safety Answering Points (PSAPS); and

WHEREAS, Chapter 50, Section 15.4 of the Illinois Compiled Statutes, 50 ILCS 750/15.4, authorizes the formation of Joint Emergency Telephone System Boards to oversee the implementation and operation of a 9-1-1 emergency telephone system; and

WHEREAS, Article VII, Section 10, of the Constitution of the State of Illinois of 1970 provides that units of local government may contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law or by ordinance and may use their credit, revenues, and other resources to pay costs related to intergovernmental activities; and

WHEREAS, pursuant to the Intergovernmental Cooperation Act (5 ILCS 220/1 *et. seq.*) and Section 15.4a of the Emergency Telephone System Act (50 ILCS 750/15.4a), the Village is authorized to enter into an Intergovernmental Agreement to establish the West Suburban Consolidated Dispatch 9-1-1 System (the "Intergovernmental Agreement"), a copy of which is attached hereto as Exhibit "A" and made a part hereof.

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Elmwood Park, County of Cook, Illinois as follows:

Section 1. The foregoing recitals are a material part of this Resolution and are incorporated herein as if they were fully set forth in this Section.

Section 2. The corporate authorities of the Village of Elmwood Park hereby approve the Intergovernmental Agreement and hereby authorize the Village President to

execute and the Village Clerk to attest, respectively, the Intergovernmental Agreement, on behalf of the Village of Elmwood Park.

Section 3. This Resolution shall be in full force and effect upon its passage and approval, as provided by law.

ADOPTED this 1st day of June, 2026.

VILLAGE PRESIDENT

ATTEST:

VILLAGE CLERK

**WEST SUBURBAN CONSOLIDATED DISPATCH 9-1-1 SYSTEM
AND JOINT EMERGENCY TELEPHONE SYSTEM BOARD
INTERGOVERNMENTAL COOPERATION AGREEMENT**

THIS INTERGOVERNMENTAL COOPERATION AGREEMENT (the "Agreement") is entered into on the effective date specified hereafter, by and between the Village of Oak Park, the Village of River Forest, the Village of Elmwood Park, the Village of Forest Park, and the Village of Rosemont, units of local government signatory hereto and also any unit of local government which may become a signatory hereafter (hereinafter collectively referred to as "the Parties"):

WHEREAS, the Parties have determined that the implementation of a 9-1-1 Emergency Telephone System would provide a significant public safety enhancement to the citizens of each of the participating units of local government; and

WHEREAS, Public Act 99-0006 mandated the consolidation of Emergency Telephone System Boards (ETSBS) and Public Safety Answering Points (PSAPS); and

WHEREAS, Chapter 50, Section 15.4 of the Illinois Compiled Statutes, 50 ILCS 750/15.4, authorizes the formation of Joint Emergency Telephone System Boards to oversee the implementation and operation of a 9-1-1 emergency telephone system; and

WHEREAS, Article VII, Section 10, of the Constitution of the State of Illinois of 1970 provides that units of local government may contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law or by ordinance and may use their credit, revenues, and other resources to pay costs related to intergovernmental activities; and

WHEREAS, Article VII, Section 10 of the Illinois Constitution of 1970 and the Illinois Intergovernmental Cooperation Act, 5 ILCS 220/1 provide for and authorize units of local government to jointly exercise powers common to each unit of local government; and

WHEREAS, intergovernmental cooperation is further authorized by the Intergovernmental Cooperation Act, 5 ILCS 220/1, *et seq.* (the "Act"); and

WHEREAS, the Villages named herein (collectively referred to as "the Parties") are public agencies as that term is defined by the Act, 5 ILCS 220/2.

NOW, THEREFORE, pursuant to the authority set forth above and all other applicable laws, and in consideration of the mutual covenants and obligations contained herein, it is agreed between the Parties as follows:

1. Recitals Incorporated. The above recitals are incorporated herein as though fully set forth.
2. Venture Established. Pursuant to the intergovernmental cooperation authorized by the Intergovernmental Cooperation Act, 5 ILCS 220/1, and in recognition of the consolidation mandated by Section 15.4a of the Emergency Telephone System Act, 50 ILCS 750/15.4a, the undersigned units of local government hereby join together in a cooperative venture for the joint and mutual operation of a 9-1-1 emergency telephone system, to be known as the West Suburban Consolidated Dispatch 9-1-1 System and the West Suburban Consolidated Emergency Dispatch Center (collectively, "WSCDC"). Notwithstanding the foregoing to the contrary, WSCDC shall be an independent legal entity, and the relationship between the Parties and WSCDC System shall be an independent contractor relationship, and not a joint venture, partnership, or principal-agent relationship.
3. Joint Emergency Telephone System Board. There is hereby established a Joint Emergency Telephone System Board which shall consist of the Village Manager of the Village of Oak Park, the Village Administrator of the Village of River Forest, the Village Manager of the Village of Elmwood Park, the Village Administrator of the Village of Forest Park, the Village President of the Village of Rosemont or designee, and the Executive Director of the West Suburban Consolidated Dispatch 9-1-1 System. These same individuals shall also be members of the West Suburban Consolidated Emergency Dispatch Center Board.

Any subsequent participating unit of local government which joins the West Suburban Consolidated Dispatch 9-1-1 System shall be entitled to have one member seated on the Joint Emergency Telephone System Board. Designation of the new participating unit of local government's Board member shall be specified by the participant's enabling ordinance.
4. Bylaws. The West Suburban Consolidated Dispatch 9-1-1 System shall be subject to and shall be governed by certain Bylaws which shall be adopted by the Joint Emergency Telephone System Board together with any amendments which may be made in the manner and means provided in the Bylaws.
5. Participation. Each participating unit of local government in the West Suburban Consolidated Dispatch 9-1-1 System, and each unit of local government which may hereafter become a participant, is a member entitled to the rights and privileges of membership and is subject to the obligations of membership, all as may be provided in the Bylaws.
6. Termination. Any party to this Agreement may cease to be a party hereto and may withdraw from participation in the manner and means set forth in the Bylaws.
7. Powers of the Board. The powers and duties of the Joint Emergency Telephone System Board created by this Agreement shall include, but not be limited to, the following:

**PARTICIPATING AGENCY CALL HANDLING &
AID OUTSIDE JURISDICTIONAL BOUNDARIES
AGREEMENT**

9-1-1 EMERGENCY CALL HANDLING DISPATCH PROCEDURES:

This agreement is made between the West Suburban Consolidated Dispatch ("9-1-1 Authority")
and Elmwood Park Police Department (Participating "Public Safety Agency") for the
purpose of effective handling and routing of 9-1-1 Emergency calls.

CALL HANDLING West Suburban Consolidated Dispatch ("9-1-1 Authority") receiving a call for emergency services in
your jurisdiction shall dispatch the call in the following manner:

Primary: Elmwood Park PD (state specific procedures - if radio frequency-
identify frequency number, if talk group-identify name, if telephone-identify telephone number)

Secondary: WSCDC Event 1 (state specific procedures - if radio frequency-
identify frequency etc.)

AID OUTSIDE JURISDICTION BOUNDARIES:

Once an emergency unit is dispatched in response to a request through the system, such unit shall
render its service to the requesting party without regard to whether the unit is operating outside its
normal jurisdictional boundaries.

The legislative intent is that 9-1-1 is used for emergency calls only. Therefore, all calls of an
administrative or nonemergency nature shall be referred to your agency's published telephone number.

The PSAP agrees to keep all records, times, and the location of all calls. All records will be available to all
participants of the 9-1-1 System.

It shall be the responsibility of your agency to maintain the report of the call and the disposition of each
call received. All agreements, management, records, and service will be the responsibility of the 9-1-1
Authority.
