

SUPPLEMENTAL HOMICIDE REPORTING

Supplemental Homicide Reporting

Supplemental Homicide Reporting, the reporting of supplemental data related to homicide offenses, began with the 2016 reporting year as mandated by Chapter 50 of the Illinois Compiled Statutes, 709/5. Homicide offenses included in Supplemental Homicide Reporting are involuntary manslaughter and justifiable homicide, in addition to the homicide offenses of first and second degree murder reported in Index Crime. Due to the increase in the types of homicide offenses included in reporting, the number of Supplemental Homicide Report victims exceeds the number of homicide offense victims reported in Index Crimes.

The reporting guidelines for Supplemental Homicide Reporting are compliant to the Federal Uniform Crime Reporting (UCR) Program, administered by the Federal Bureau of Investigation. Data elements collected in Supplemental Homicide Reporting include: the type of homicide offense; the circumstances surrounding the homicide; the number of victims and offenders; the age, sex, race, and ethnicity of each victim and offender; the weapon used in the commission of the homicide, and the relationship of the victim(s) to the offender(s). In many homicide offenses, an agency's preliminary investigation cannot provide all of the required data elements. Homicide offenses must still be reported and the agency is responsible for adjusting the record as the investigation progresses and information is made known.

Note: The totals in the tables on the following pages will not always be equal to each other nor the total homicide incidents reported. Data elements are reported for each victim(s) and offender(s). Examples: One offender could be responsible for the stabbing death of two victims. The weapon knife would be accounted for twice, once for each victim. Two offenders could be responsible for the shooting deaths of two victims. The firearm would be accounted for four times, once for each of the victims, multiplied by the two offenders.

Supplemental Homicide Reporting is submitted to the Federal UCR Program. Select data elements are included in the Federal UCR Program's annual publication, Crime in the United States.

Crime in Illinois 2021
