

State-wide training will begin in August and will continue through November. Detailed instruction will be provided on all I-UCR mandated reporting elements and data submission processes. Training is ideal for personnel new to I-UCR reporting, as well as providing an excellent review for those who have attended previous training. Repeat attenders are encouraged as detailed instruction on the new Supplemental Homicide Reporting element effective with the 2016 reporting year, will be presented. A second new mandate for 2016 is possible, and information on this element will be presented as well. All training sessions will begin at 9:00 a.m. and conclude at 3:30 p.m. There is no cost for the training. To register, complete and fax the registration form in the Forms and Guidelines Section located near the bottom of the web page to 217/524-8850 unless otherwise noted for a specific location. **Ensure an e-mail address for each attendee is provided on the registration form.**
